Team Teachers

All classes have what we call "team teachers" (two or three parents who teach) to ensure a low teacher-student ratio. Our teachers are fellow homeschooling parents with a degree, special knowledge, work experience or passion for the subject that they want to share with students. You do NOT have to teach a class to enroll your child, but team teaching a class comes with a discount and holds our children's spots.

Registration

To sign up, email [carren\(at\)outlookacademy\(dot\)com](mailto:carren@outlookacademy.com) with your name, address, phone, children's names, ages, grades, and what classes they would like. If the classes you want are full, email to be placed on the waiting list for last-minute openings. If you miss the deadline, we will put you on the early notification list for the following semester.
